Automated capture from multiple sources
Searchable PDF file output

Mesa eStatements allow housing authorities to automate delivery of information to landlords, residents, employees and vendors via email.

- Inspections notices
- Yearly 1099's
- Tenant rent statements
- Recertifications
- Employee pay stubs
- Monthly Section 8 payment statements for landlords on direct deposit (HAP)

◆ Return On Investment (ROI) ◆

Achieve ROI with significant reduction in paper, printing and postage costs.

Reduce upfront office costs by eliminating physical prep work (folding statements, stuffing and sealing envelopes).

◆ Quick & Easy Access ◆

Landlords receive quick access to attached statements by sending an electronic statement directly to the landlord's email rather than requiring them to find it on a website.

Electronic statements are delivered to customers via email - still the most convenient and frequently used digital communication method.

Statements are available as attached PDF files allowing your landlords to easily view, print or save statements on their computer.

Available now for Emphasys Elite, Yardi, VisualHOMES, Tenmast, Happy, Lindsey

Learn how our capture and conversion solutions will provide your organization considerable savings in time and resources
